SELECTION POLICY FOR ENGLISH SCHOOLS CHAMPIONSHIPS

Consideration for selection for places on the Leicestershire and Rutland Schools Athletics Association representative team for the English Schools Championships on the 7th and 8th July 2017 is very dependent on an athlete's performance at the Leicestershire and Rutland Schools Track and Field Championships. (Athletes are **EXPECTED** to compete at the County Schools Championships and any athlete unable to compete at the championships should notify the team manager preferably before the day with an explanation of why they cannot compete as well as their details and the event they wish to be considered for.) Athletes who wish to be considered for selection for the pole vault or hammer events should forward their details to the team manager before the 10th June.

Times, distances and heights achieved at other meetings recognized by UKA, AA of England, MCAA and Leicestershire and Rutland Athletics Association will be taken into consideration by the selection committee but these **MUST** be performances which are registered on the power of ten website.

Achieving qualifying times, distance and heights does **NOT** automatically guarantee selection. Other factors will be taken into account. Should it be found an athletes performance has been falsified they may not be selected in future years if they subsequently qualify.

The selection committee will select their team immediately after the County Schools Championships and all written support of performances should have been given to the team manager before the end of the County Track and Field Championships. An athlete will not be considered for selection if the necessary evidence has not been received to support their submitted performance. Early notification of an athlete's performance would be appreciated. Athletes who are close to qualifying standards are also welcome to submit evidence of performances that are close to the entry standards. Any spaces remaining on the team following the selection meeting will be allocated to the first athletes who achieve the entry standard.

Athletes who think they might be considered for selection are encouraged to register their availability for county selection on line via the ESAA website and fill in their own details. This may include – Age group, event, first name, surname, school name, school town, Club (if any), coach, DOB (with strict controls), current season best performance. More information can be found on the English Schools website www.esaa.net

Yours faithfully
